Diversified Vocational College is accredited by the Accrediting Council for Continuing Education and Training (ACCET) for the following programs:

Approximately 250 students can be accommodated at the main campus and 150 at the LA Branch at one time. Sessions are available in the morning, afternoon and evening.

The School currently has available certain financial aid programs to assist qualified applicants in meeting their tuition expenses. The amount of financial aid for which a student qualifies is based on the Education Budget as determined by the institution.

**Financial Aid Programs**

For the Business Office Administration Program, Medical Billing Electronic System and the Transportation and Logistics Technology Program, the following budgets apply.

- **Independent** students, the budget used is as follows: Tuition and Fees: $17,000.00; Supplies: $100.00; Personal Expenses: $1,750.00; Room and Board: $9,500.00; Transportation: $1,440.00. Total budget $29,790.00.

- **Dependent** students, the budget used is as follows: Tuition and Fees: $17,000.00; Supplies: $100.00; Personal Expenses: $1,750.00; Room and Board: $4,200.00; Transportation: $1,440.00. Total budget $24,490.00.

The amounts are determined by the student’s expected family contribution (EFC), the cost of attendance, and whether or not the student is full-time or part-time. Students must file the Federal Student Aid Application (FAFSA) to determine the amount of eligibility. The FAFSA is required for all need-based programs. This program is available to all students.

2. **FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT PROGRAM (FSEOG)**. This program provides funds for undergraduate students who demonstrate exceptional financial needs. The institution receives a fixed amount each year from the U.S. Dept. of Education which provides 75% of the grant. The institution matches this grant with 25% of its own funds. This need-based program gives priority to students with the lowest expected family contributions (EFC’s) and who are already recipients of the full Federal Pell Grant Program. Funds are awarded throughout the fiscal year and the amount available may vary based on variations in enrollment. Grants usually range from $200 to $500 and are distributed in two payments by vouchers credited to the student tuition account. Funds do not need to be repaid. A limited amount of FSEOG funds are made available to the school yearly. Recipients and amounts are determined by the Financial Aid Office.

3. **FEDERAL DIRECT LOAN PROGRAM**. Federal Direct Loan Program for eligible students. Direct Loan Programs consist of low-interest loans for eligible students to help cover the cost of education. Eligible students may borrow directly from the U.S. Department of Education. Direct loans include Direct Subsidized, Direct Unsubsidized, and Direct Plus Loans.

   ♦ **Direct Subsidized Loan**
   Direct Subsidized Loans are available to eligible students with financial need. Students may borrow funds at a fixed interest rate established annually by the U.S. Department of Education. The interest is paid by the federal government while students are in school.

   ♦ **Direct Unsubsidized Loan**
   Direct Unsubsidized Loans are available for eligible students to borrow for additional education costs. Students may borrow funds at a fixed interest rate established annually by the U.S. Department of Education. With the exception of demonstrating financial need, borrowers must meet all eligibility criteria of the Direct Subsidized Loan Program.

   ♦ **Direct Parent Loan for Undergraduate Students (PLUS)**
   PLUS loans are federal loans that parents of dependent undergraduate students can use to help pay education expenses. The U.S. Department of Education makes Direct Plus Loans to eligible borrowers through schools participating in the Direct Loan Program.

SATISFACTORY ACADEMIC PROGRESS POLICY
BOA, TLT and MBES
All students are expected to maintain satisfactory academic progress throughout their entire course. Satisfactory Academic Progress is defined, in part, as maintaining a grade point average (GPA) of 70% or better through the completion of the course. An overall GPA of 70% or better. Students must also maintain an attendance level of 80%. Student progress is measured at the end of every month.

Timely completion of your program is an additional factor in determining Satisfactory Academic Progress. You must complete your entire program within 1.5 times the normal completion rate, or within a total of 45 weeks, exclusive of any periods of withdrawal. Quantitative progress will be evaluated at the end of the 15th week by which time you must have completed at least 1/3 of your program. You must complete one-half of your program by the end of week 22.

Students who fail to meet the above-stated standards at the end of week 7 will be issued a financial aid warning. Students who fail to meet the above-stated standards at the end of week 15 will be placed on probation. Students in good standing at week 15, but who fail to meet the above-stated standards at the end of week 22 will be issued a financial aid warning. Students who receive a financial aid warning are considered to be maintaining satisfactory progress; however, students placed on probation will be provided with appropriate counseling and lose eligibility for financial aid until the probationary period is satisfactorily concluded, as explained in the probation policy. A student who does not meet the terms of his or her probation within the probationary period may be dismissed. A student who has been dismissed may appeal the probation using a form available from the School Director or the Education and Records Office. The appeal will be reviewed by the director and instructor.

Students who complete the program with a GPA of less than 70% and an attendance of less than 80% or students who fall too far behind to continue with their class, may ‘recycle’ or retake portions of the course. Bear in mind, however, that the total time to complete must not exceed 1 ½ times the normal length of the course.

Prior to disbursement, the Financial Aid Supervisor or Financial Aid Officer must check the file containing the evaluation reports to ensure that the student is maintaining Satisfactory Progress. The Financial Aid Officer may note on the Audit checklist or other like form whether or not the student’s GPA is satisfactory. A copy of the report may be placed in the student’s file.
VESL

All students are expected to maintain satisfactory academic progress throughout their entire course. Satisfactory Academic Progress is defined, in part, as maintaining a grade point average (GPA) of 65% or better during the first seven (7) weeks of your course (the first 10 weeks for part-time VESL) AND 70% or better through week fifteen (week 20 for part-time VESL) thereafter until the completion of the course. An overall GPA of 70% or better is required for successful completion. You must also maintain an attendance level of 80%. Student progress is measured at the end of weeks 7, 15, 22, and 30 (10, 21, 30, and 40 for part-time VESL).

Timely completion of your program is an additional factor in determining Satisfactory Academic Progress. You must complete your entire program within 1.5 times the normal completion rate, or within a total of 45 weeks, exclusive of any periods of withdrawal. (Part time VESL students must complete within a total of 60 weeks.) Quantitative progress will be evaluated at the end of the 15th week (20th week for part-time VESL) by which time you must have completed at least 1/3 of your program. You must complete one-half of your program by the end of week 22 (week 33 for VESL).

Students who fail to meet the above-stated standards at the end of week 7 (10 for VESL) will be issued a financial aid warning. Students who fail to meet the above-stated standards at the end of week 15 (21 for VESL) will be placed on probation. Students in good standing at week 15 (21 for VESL), but who fail to meet the above-stated standards at the end of week 22 (33 for VESL) will be issued a financial aid warning. Students who receive a financial aid warning are considered to be maintaining satisfactory progress; however, students placed on probation will be provided with appropriate counseling and lose eligibility for financial aid until the probationary period is satisfactorily concluded, as explained in the probation policy. A student who does not meet the terms of his or her probation within the probationary period may be dismissed. A student who has been dismissed may appeal the probation using a form available from the School Director or the Education and Records Office. The appeal will be reviewed by the director and instructor.

Students who complete the program with a GPA of less than 70% and an attendance of less than 80% or students who fall too far behind to continue with their class, may ‘recycle’ or retake portions of the course. Bear in mind, however, that the total time to complete must not exceed 1 ½ times the normal length of the course.

Prior to disbursement, the Financial Aid Supervisor or Financial Aid Officer must check the file containing the evaluation reports to ensure that the student is maintaining Satisfactory Progress. The Financial Aid Officer may note on the Audit checklist or other like form whether or not the student’s GPA is satisfactory. A copy of the report may be placed in the student’s file.

ATTENDANCE:

You are expected to attend all scheduled classes. It is essential that you notify the School whenever an absence is unavoidable. Notice should be given in advance if you know of a pending absence. If not, you should call the School office and complete an absence form on your return. Excessive absences may be cause for dismissal, or recycling, as determined by the School Director. When necessary, make-up work will be scheduled following an absence. An overall attendance of 80% is required for graduation.

Instructors will advise you if your attendance is becoming a problem and assist you, where possible, in working out solutions. Poor attendance may cause your grade point average to fall below the acceptable level which could cause you to be placed on probation and eventual termination if improvement is not made. (See ‘Satisfactory Progress’ for more information.)

You may not have more than fourteen (14) consecutive absences. After fourteen consecutive absences, you will be terminated automatically. An automatic termination does not necessarily bar you from re-entering at a later date; however, a long absence may make it necessary for you to repeat portions of the course you have previously taken.

TARDINESS

Students who are 1 to 15 minutes late for class are reported as present. Students who are late from 16 to 30 minutes of instruction are reported as tardy. Students who miss 31 minutes or more—whether they arrive late or leave early—are counted as absent. Any combination of three times tardy or leaving early will be counted as one absence. Total minimum instruction time must equal 4 hours, 30 minutes from Monday through Thursday and 3 hours, 30 minutes on Friday.
**Appeal Process:** A student who is dismissed for any reason may appeal the dismissal by addressing the appeal in writing to the Director. The appeal should contain any special circumstances which may have contributed to the reason for Termination and an explanation of how the student plans to deal with those circumstances if re-admitted. The Director will review the appeal with an officer of Diversified Education Company within ten days and notify the student of the results in writing. If a student is reinstated following an appeal, DVC will provide the student with an academic plan to ensure the successful completion of the program.

**LEAVE OF ABSENCE (TITLE IV and VETERANS)**

Although we do not recommend that a student interrupt his or her training, we do permit students to take a Leave of Absence for specific reasons. You may take more than one LOA not to exceed a total of 75 days for full-time students. In the VESL program you may take more than one LOA not to exceed a total of 75 days for full-time students, or 100 days for part-time VESL students in the Evening Session. You must request the LOA in writing before you begin your leave. You must give a valid reason for the leave and sign your request. Valid reasons include the following:

- Jury duty or court related matters, military service, temporary child care issues, temporary transportation issues, temporary housing issue, health issues for the student or immediate family member, and a death in the family.

If you fail to return from an LOA, you will be terminated on the day following your scheduled return date and the refund policy will be applied as of the last day of attendance; any monies due will be returned according to the school’s refund policy.

Upon your return from an LOA you will be placed in a class that will allow you to make up the work that you missed. If a Leave of Absence total exceeds 75 days (100 days for three-quarter time students) you may be terminated. This termination does not bar you from returning at a later date but you may be required to recycle a part of your course when you return. Keep in mind that our regulatory agencies require that a course of study be completed in no more than 150% of the originally scheduled length of time.

**MAKE UP WORK**

Make-up work will be scheduled by your instructor on an individual basis, as necessary. If you have missed homework assignments or lab assignments due to an absence, you will have two school days to make it up.

**RIGHT TO APPEAL FROM TERMINATION**

A termination for failure to meet the requirements of satisfactory progress may be made. Follow the procedure described under ‘Complaint Procedures’ elsewhere in this catalog.

**CONDUCT**

Students are expected to conduct themselves in a manner conducive to learning. Students who engage in disruptive behavior will receive one warning from the Director. A repeat offense will be grounds for dismissal.

Students who engage in behavior judged to be dangerous or life-threatening will be dismissed immediately.

Any student who has been dismissed because of conduct may appeal his or her dismissal, in writing, to the school’s owner. The appeal should be addressed to the school at the address on the cover.

**GRADING POLICY**

The following grading policy is in effect:

- 90-100% = Excellent
- 85-89% = Very Good
- 80-84% = Good
- 70-79% = Average
- Below 70% is considered Failing.

**COURSE LENGTH:**

Full time students attend supervised class for 24 hours per week and are expected to complete at least six hours in outside preparation for a total of 30 hours per week. One semester hour credit hour is awarded for each 30 hours completed. The hour used is defined as at least fifty minutes within a sixty minute hour.
OUTSIDE PREPARATION

The VESL (full-time), Business Office Administration, Medical Billing and the Transportation and Logistics Technology programs are 30 weeks in length and worth 36 Semester Units. The VESL (three-quarter time) program is 40 weeks in length and worth 48 Semester Units. A grade point average (GPA) of at least 70% is required to earn Semester Units of credit.

Students in the VESL Program receive six (6) Semester Units for each full level completed. Students who complete only a portion of a Level are awarded a fraction of the six Units in proportion to the amount of time attended.

To maintain satisfactory academic progress, students enrolled in all programs generally spend at least 180 clock hours of preparation outside of class. This preparation is in the form of homework assigned in class by the teacher. The assigned homework is in the form of reading and study assigned in preparation for weekly tests.

COURSES AND OBJECTIVES

The Business Office Administration program is comprised of three main modules: Front and Back Office Operations, Computer Applications and Business English, and Human Resources. The Medical Billing Electronic System is comprised of courses in Computerized Office (Medisoft), Medical Terminology, Medical Coding and Microsoft Office programs. The Transportation and Logistics Technology program consists of five parts: Dispatching; Shipping/receiving; Importing/Exporting; Freight Forwarding; and Computer Applications.

Diversified Vocational College’s VESL program is divided into nine Levels - Beginning through Advanced. Students are placed in the Level best suited to their present English skills based on entrance test results and personal interviews. In this way, students progress at their fastest pace.

ENGLISH AS A SECOND LANGUAGE

Diversified Vocational College offers English as a Second Language course at its main branch. Proficiency in Reading and Writing in English is required to be able to participate and benefit from the training programs offered since all vocational classes are conducted in the English language. The School establishes this proficiency via multiple in-person interviews, ability to read and complete enrollment forms and the evidence of completing high school or obtaining a GED Certificate from the United States. As part of the admissions process, applicants are required to take a reading and mathematics assessment to determine ability to benefit from the program.

Although DVC does not award official credit hours for work done at other ESL schools, students are given credit for what they’ve learned elsewhere through the use of our Placement Test. Students are placed in our program according to the results of the placement test. If a student places at a high level and cannot complete the entire program, tuition is adjusted to reflect the difference.

CLASS START DATES
A list of Start Dates on which new students may start classes will be found at the end of the college catalog. Start dates vary due to holidays review dates prior to enrolling.

STUDENT TUITION RECOVERY FUND

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepaid all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Avenue., Suite 225 Sacramento, CA 95834, P.O. Box 980818, West Sacramento, CA 95798-0818, Phone: (888) 370-7589 or (916) 574-8900.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.

3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.

5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.

6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

**REQUIREMENT TO REPAY LOANS**

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan, plus interest, less the amount of any refund, and if the student has received federal financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid programs.

**BOOKS, SUPPLIES AND EQUIPMENT**

Students are responsible for disposable items such as pencils and papers. These are not sold by the school. All materials and equipment required for classroom instruction are maintained by the School. Textbooks are handed out at the beginning of each subject matter.

Students may expect to pay approximately $500.00 a month for shared housing. Diversified Vocational College does not find or assist a student in finding housing and does not have dormitory facilities under its control. Transportation costs, depending on mode of transportation and distance can run $20.00 per week, or more. No food service is provided.

**FEES AND OTHER COSTS**

The Registration (Application) Fee is $75.00. The fee is not refunded if the student cancels enrollment.

**FINANCIAL AID**

BOA, MBES and TLT: Diversified Vocational College is eligible to provide financial assistance to those who qualify under the Federal Pell Grant Program and the federal student loans. Applications for assistance under these programs may be obtained from the Financial Aid Office. Eligibility for all Federal programs is based on financial need computed on the basis of a federally provided needs analysis.

VESL: Students enrolled for the full course may apply for the Federal Pell Grant. A privately funded payment plan may be used to cover the balance not paid by grant. It is available only to U.S. Citizens and permanent residents. Ask your Financial Aid Officer for details. Any portion of tuition not covered by the Grant and plan is payable in monthly installments.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund. If the student receives federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal financial aid funds.

**DELINQUENT TUITION**

Full tuition is payable by the date of graduation or last day in school unless other arrangements are made in advance. If a student is on monthly payments and is in arrears more than one month the student will be dismissed. The student may be reinstated when the student’s account is brought up to date. Exceptions may be made in cases of hardship at the discretion of the Director.

**METHODS OF PAYMENT:**

DVC ACCEPTS PAYMENTS IN CASH, CHECK, MONEY ORDER, DEBIT CARD OR CREDIT CARD.

STUDENT RIGHTS TO CANCEL

You have the right to cancel your enrollment agreement including any equipment such as books, materials, and supplies, or any other goods related to the instruction offered in the Agreement, and obtain a refund of charges paid through attendance at the first class session, or seven (7) business days after enrollment, whichever is later. Cancellation shall occur when you give notice of cancellation at the address of the school shown on top of the front page of your enrollment agreement. You can also do this by mail, hand delivery, phone or e-mail. The notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that you no longer wish to be bound by this Agreement. If you cancel this agreement, the school will not charge institutional charges; however, the school will retain the non-refundable $75.00 registration fee and you may keep any uniform that you have received.

CANCELLATION PROCEDURES

If your application for enrollment is rejected by the school you will receive a full refund of any money paid. You may cancel your enrollment at any time up to and including the first scheduled class day, or the seventh business day after enrollment, whichever is later, and receive a full refund of any money paid not including the registration fee. Cancellation may be in any form including by phone, email, USPS mail or in person but preferably should be in writing. Should the program for which you enrolled be canceled prior to your starting class a full refund will be made of any money paid.

If you fail to appear for class on the date scheduled for class start you will be classified as a ‘no start’. Your enrollment will be cancelled and any money paid will be refunded. Such a cancellation will not prevent you from starting at a later date should you wish to do so. A new enrollment agreement may be necessary. All refunds due to cancellations will be made within forty-five days of the date of cancellation. After you begin classes, the following refund policy will apply.

WITHDRAWING FROM CLASS

You may withdraw from your course at any time by completing a withdrawal form obtained at the Education and Records Office, by e-mail from your personal e-mail account or by letter signed by you and mailed to the school address. Notice of withdrawal may be in any form including by phone, email, USPS mail or in person but preferably should be in writing. If you are absent fourteen consecutive days without notifying the school, you will be considered to have withdrawn and the Refund Policy will apply. When you withdraw, you withdraw from the entire course. The Financial Aid Office is informed of the withdrawal and is responsible for completing the refund calculation. If Title IV funds have been disbursed a refund a refund is made within forty-five (45) days from the withdrawal date. Any refund not applied to Title IV funds will be made to the source of the payment. You will receive a letter informing you of the calculation and the amount of any refunds made to which funds it was applied. Contact your Financial Aid Officer if you have any questions. If a balance remains in your account after refunds have been calculated and made, you are responsible for paying the balance.

ALCOHOL AND DRUGS

We are deeply concerned about the dangers associated with drug and alcohol abuse. As an institution of learning our principle role is to encourage an education which leads toward high standards and respectful conduct in our students. While we seek to educate and encourage, we also have a responsibility to restrict any behavior that adversely affects members of this campus.
We feel we have a compelling obligation to eliminate drugs and alcohol from our campuses.

Jeanne Clery Disclosure of Campus Security Policy, Campus Crime Statistics and the school’s Drug and Alcohol Policy booklets are distributed during Financial Aid Clearance or may be obtained on request during regular office hours from any Financial Aid Officer.

A student who is convicted of any offense under any Federal or State law involving the possession or sale of a controlled substance for conduct that occurred during a period of enrollment for which the student was receiving any grant, loan, or work assistance under Title IV shall not be eligible to receive any grant, loan or work assistance under this title from the date of that conviction for possession 1 year to an indefinite period; from sale of a controlled substance from 2 years to indefinite.

SETTLEMENT OF OTHER CHARGES

If a student withdraws from DVC, DVC will settle reasonably any other DVC charges that the student may have incurred.

PROFICIENCY REQUIREMENT

Business Office Administration, Medical Billing Electronic System and Transportation and Logistics Technology students are required to take a weekly test to determine their proficiency in each module.

Upon completion of the VESL course, a proficiency test will be given. Students who complete the 30 week course but who have not achieved satisfactory proficiency may choose to take additional instruction without charge until the student has attained the required proficiency, or to receive a full refund of the total charges for VESL instruction. However, there is no proficiency requirement to graduate, as long as the student completes the program with a GPA of 70% and attendance of 80%.

REFUND POLICY

A student has the right to withdraw from a program of instruction at any time. Notification of intent to withdraw must be made to the Director of Education. Tuition is charged by semester and the policy applies to each semester separately. The withdrawal date is the last day of recorded attendance. Upon withdrawal, the tuition refund is calculated in the following manner:

1. The total tuition cost for the semester is divided by the number of days in the semester to obtain a daily tuition charge for the program.
2. The total number of days from the start of the semester to the date of withdrawal are multiplied by the daily tuition charge as calculated in step 1, to determine the amount of tuition owed to the school.
3. The amount of tuition paid by the student is determined.
4. If the amount of the tuition paid by the student is more than the amount owed to the school in step 2, the difference is the amount to be refunded. Refunds are made within 45 days. Note that if the student has completed more than 60% of the semester, no refund is made. Refunds are made within 45 days from the last day of attendance. For academic purposes only, holidays and weekends are not counted in determining completion of the course.

If any portion of the student’s tuition with Title IV funds, previously described, remains owing, the school will calculate the amount of financial aid earned up to the last date of recorded attendance using a formula mandated by the U.S. Department of Education. This requirement is a pro-rata calculation performed on the amount of Title IV aid received only, taking the number of days attended divided by the number of days in the period, up to 60% completion. If the amount of Federal Financial Aid Funds received is more than the amount of the aid earned, the difference must be returned to the appropriate Title IV program in the following order:

1. Direct Unsubsidized Loan
2. Direct Subsidized Loan
3. Direct Plus Loan
4. Federal Pell Grant
5. Federal SEOG Grant

The following illustrates the application of the refund policy, per semester, assuming that the full tuition has been paid in advance. This example uses tuition of $17,000.00.
Percentage of Program Completed: 10%  25%  50%  60%  Over 60%

Tuition Paid  $8500  $8500  $8500  $8500  $8500

Tuition owed by the student  $850  $2125  $4250  $5100  No refund

If the amount calculated as earned by the school is more than the amount that has been paid, the student is responsible for the balance. Please check with your Financial Aid Officer to determine the amount you may owe.

Refunds are paid within 45 days of the last date of recorded attendance.

The $75.00 registration fee is not refunded after the student starts school. If payment received is less than the amount of refund, the student will owe the difference.

Billing Procedures and Delinquent Tuition

The Business Office will prepare and mail monthly statements to students based upon the terms of their enrollment agreement. Both graduates and drops, with a balance owing, will be billed in the same manner. Dropped students should receive the first bill one month from the drop date.

For students in the Los Angeles main campus, the Business Office will interview students prior to graduation to remind them of their responsibility to make payment and answer students’ questions.

If payments are not received, a past-due notice will be sent with the next billing. If payments are still not received, the Business Office will attempt to contact the student to remind them of the promised payments. If the student is unable to pay, the Business Office is authorized to defer payments. This is especially important if the student has not yet been placed. Delerments may also be granted for lost jobs and other financial emergencies.

If payment has not been received and the above efforts have been tried, billing may temporarily be suspended after nine (9) unsuccessful billings.

Notification of Return of Title IV Refund Requirements

The Federal Government requires that a separate refund calculation be made for students receiving Federal Financial Aid (Title IV). This requirement is a pro-rata calculation performed on the amount of Title IV aid received, taking the number of days attended divided by the number of days in the period, up to 60% completion. If the student has not attended long enough to ‘earn’ the amount of financial aid applied to his/her tuition, the difference must be refunded to the Department of Education.

If a refund is paid to the Department of Education under this calculation it will be the responsibility of the student to pay this amount to the school. Payment is due within 10 days of withdrawal.

For example, if the amount of refund calculated is greater than the amount paid, you would own the balance to the school.

**TITLE IX NON DISCRIMINATION POLICY**

Title IX originated in 1972 as part of the educational amendments of the US Department of Education, since updated, to now include barring discrimination on the basis sex, gender, identity, or failure to conform to stereotypical notions of masculinity or femininity, race, disability, full or part-time status, or national origin in all activities. The non-discriminatory policy applies to both students and employees in education and all other activities that take place on campus. Also barred are all forms of sexual harassment, abuse or assault. Discrimination is also barred because of parental status, nor can parental status be required as a requirement for enrollment.

Any student or employee who feels that he/she has been subjected to discrimination, harassment or assault at the Wilshire Blvd. campus should report the incident(s) to Alex Medina, Title IX Coordinator, located in the second floor of the DVC LA campus. DISCLOSURES
The following information is provided in compliance with various state and federal regulations.

Family Educational Rights and Privacy Act (FERPA)

FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond high school level. Students to whom the rights have transferred are “eligible students”.

Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student has the right to a formal hearing. After the hearing, if the school still decides not to amend the records, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose these records, without consent, to the following parties or under the following conditions:

a) School officials with legitimate educational interest; b) Other schools to which a student is transferring; c) Specified officials for audit or evaluation purposes; d) Appropriate parties in connection with financial aid to a student; e) Organizations conducting certain studies for or on behalf of the school; f) Accrediting organizations; g) to comply with a judicial order or lawfully issued subpoena; h) Appropriate officials in cases of health and safety emergencies; and i) State and local authorities within a juvenile justice system, pursuant to specific State law. DVC follows the above procedures.

Students may request to review records in person at the DVC Records Office. Giving a 2-4 day advanced notice is desirable to avoid having to wait while files are retrieved from storage.

Diversified Vocational College does not maintain a student directory. Further information or complaints on adherence to this policy may be obtained by calling the Family Policy Compliance Office of the U.S. Department of Education at (202) 260-3887.

Review of the School’s Accreditation, Approval and/or Licensing

Examination of the school’s accreditation documents and state approval may be had by making an appointment with the School Director during regular daytime business hours Monday-Friday, except holidays.

Unlawful copying or sharing of copyright material

The downloading or copying of copyright material, including computer programs for personal use or distribution is prohibited both by DVC and by federal law. Persons found to be violating this prohibition are subject to dismissal as well as criminal penalties. A person who violates federal copyright law under Chapter 12 shall be fined not more than $500,000 or be imprisoned for not more than five years, or both for a first time offense and not more than $1,000,000 or be imprisoned for not more than 10 years, or both for each subsequent offense.

Vaccinations

Diversified Vocational College does not have a policy requiring vaccinations of any kind for Business Office Administration, Transportation and Logistics, Medical Billing Electronic Systems, and Vocational English as a Second Language. However, we advise students in attendance during fall and winter months to obtain the current flu vaccine.
